The Unstoppable Roadmap

A NEVER-ENDING JOURNEY TOWARD \$1B AND BEYOND.

P O P . R E S T A U R A N T

Phase 0: The Fair Feast Begins

● All-In Uniswap Launch

100% of \$POP tokens on Uniswap—no insiders, no private deals, no hidden agendas.

● Instant Exposure

CoinGecko & CMC submissions right from Day One.

● Initial Surprises

Early-holder perks, unexpected giveaways... we won't spoil all the fun!

Phase 1: Brewing the Hype

● Growing Holder Base

As more join, daily ETH rewards intensify. Watch it compound.

● Underground Collaborations

Certain big names and influencers are watching. When we strike, you'll know.

● Mystery Boosts

Community contests, unexpected announcements—our playbook is far from predictable.

Phase 2: Gaining Momentum

● Smaller CEX Listings

More gateways for new holders to join the ETH-for-Holding revolution.

● Deflation Unleashed

Every transaction burns \$POP. As supply shrinks, holders get hungrier for that daily ETH.

● Wild Community Engagement

Viral memes, pop-up restaurant events, and a swirl of social media noise—some of which we won't even orchestrate. The community does that for us.

Phase 3: Breaking Out

● Wider-Scale Marketing

Bigger ad spots, bigger promos, bigger partnerships. Keeping details under wraps for maximum shock value.

- **Major Media Teasers**

Expect random features or articles in surprising places. Not all hype is telegraphed in advance.

- **Holder Milestones**

We celebrate every time the community levels up—and it happens quicker than you'd think.

Phase 4: Going Global

- **Higher-Profile Exchange Listings**

Riding the wave of unstoppable momentum, we'll secure spots on bigger CEXs when the time feels right.

- **Cross-Project Fusion**

Unique synergy with other Base-based projects or bridging protocols—some we might keep a secret until the moment is prime.

- **Pop-Up Restaurant Tours**

Real-world gatherings in crypto hotspots—no rigid schedule, no set locations. When it happens, it happens... and it'll be legendary.

Phase 5: The World Takes Notice

- **Mainstream Spotlights**

Top-tier news outlets can't ignore daily ETH payouts forever. The world will be forced to pay attention.

- **Mega-Influencer Shakeups**

Not all big endorsements are announced. Some want to see the traction first. Once they do, watch the fireworks.

- **25k... 50k... 100k Holders?**

We don't set deadlines; we trust the unstoppable growth. Once each milestone hits, expect the team to respond with something special.

Beyond: The Grand Journey to \$1B and Above

No Deadlines, Just Confidence

We don't publish dates for our ultimate targets. We simply know we're **heading straight for \$1B**—and that's just the beginning.

Beyond: The Grand Journey to \$1B and Above

No Deadlines, Just Confidence

We don't publish dates for our ultimate targets. We simply know we're **heading straight for \$1B**—and that's just the beginning.

Evolving Ecosystem

NFTs, multi-chain expansions, or maybe a second wave of pop-up events. We're not spoiling the big twists yet.

Community-Driven Surprises

Sometimes, the best hype is unplanned. Expect impromptu rallies, secret airdrops, or brand-new reward mechanics that drop without warning.
